

CareOregon and CareOregon Advantage

No Authorization Required – CPT Code List

Revised April 1, 2025

Please note:

- CPT code changes occur annually and occasionally throughout each year.
- It is important that provider offices determine authorization requirements based on current and valid codes **in effect at the time the service is being requested and provided.**
- See Authorization Overview document for details regarding Care Oregon's relationship to some of Oregon's Coordinated Care Organizations.
- Provider contracts may have different requirements than below. Please refer to your contract in addition to the details below for accurate requirements.

Instructions

1. Use this code list in conjunction with MMIS Provider Portal and the Authorization Guidelines based on the member's primary coverage; CareOregon Advantage (COA) or CareOregon OHP. **CMS and OHA billing rules for excluded codes will apply post service.**
2. This list only applies when the services are performed in following settings:
a) office, **b)** ancillary, **c)** ASC for ASC approved procedures, and **d)** facility day patient/surgery.

OHP members - additional instructions (Line Pairing does not apply to COA)

- Procedures with a "Yes" in the "MUST Pair Above the Line" column require the diagnosis and procedure code to pair above the line on OHA's prioritized list to be billed to a CareOregon Medicaid plan without an authorization.
- OHP's Prioritized List is maintained by OHA and applies to marked procedures being billed to a CareOregon Medicaid plan - Health Share of Oregon, Jackson Care Connect and Columbia Pacific CCO.
- As stated in the CareOregon Utilization Management Procedure Handbook, the following specialties must be contracted for OHP Payment (DOES NOT APPLY to Medicare primary members):
 - » Physical/Occupational Therapy
 - » Speech & Hearing Therapy
 - » Acupuncture or Chiropractic
 - » Vision Services
 - » Ophthalmology/Optometry
