

CareOregon Advantage Plus Maintenance Drug List

Effective 01/01/2022

Maintenance drugs are prescription drugs that are used to treat chronic or long-term conditions that require regular, daily use of medicines. Examples of maintenance drugs include drugs to treat high blood pressure, diabetes, heart disease and asthma.

Maintenance drugs can be filled for up to a three-month supply. If you have copays and you fill for a three-month supply, you will pay nothing for maintenance drugs that are on our formulary. Ask your prescriber to write your prescriptions for a 90-day supply.

Below you will find a list of covered maintenance drugs. Please note that this list is not all inclusive, does not guarantee coverage, and is subject to change. Additional restrictions may apply and can be found in our Formulary (List of Covered Drugs).

If you have questions about your prescription benefits, please call Customer Service at 503-416-4279 or toll-free 888-712-3258, TTY 711. Our hours are 8 a.m. to 8 p.m. seven days a week, October 1 to March 31, and 8 a.m. to 8 p.m. Monday through Friday, April 1 – September 30.
